POINT OF VIEW

Luqmaan Ahmed, Class 12

Editor-in-Chief, Perspective, The AVS Photographic Society

'Perspective' is the story we fail to put into words. Being confined to our homes yet again is a reminder that tough times don't last; tough people do and the school's Photographic Society will be the conscience of a dedicated community that speaks through photographs. I have been seeing my life through the lens for as long as I can remember and with photography I have learnt to appreciate it as it is right now.

With no language barriers, photography speaks to the heart and is universally understood. I wish to remove the idea that the art is restricted to owning a fancy camera, natural talent, or the studied know-how. It is my pleasure, as well as responsibility to empower young, budding photographers - whose mission is to not just to capture but to enlighten, excite, and make people understand our world through narratives.

Thus, I present you with this issue of Perspective, encouraging all to savour not just life's highlights but also the little moments in these trying times.
