IPSC U-17 FOOTBALL 2022

MATTHIAS LAMIN

Who could have wondered that a group of 18 young boys would create a strong foundation and set the name of the school on the world of the U-17 IPSC Football Tournament, where the school for the first time participated after the pandemic. It all started when Mr. Biswajit Baglary told us that in a months' time we shall be having this tournament. We were ecstatic when we heard the news as this was our first time participating in a tournament. Our training started from 19th April and thus our journey began. Initially we were all hyped up, but as the days went by we were worn out until the selection day. That day was a very ironic day for me and the team as it was the reason for unleashing a spark that was yet to be lit until that moment. That day was also very special because, Haokip and I received our captaincies from Sir. Days went by, and IPSC was approaching closer than we realised. Trainings were very memorable as I remember our seniors constantly giving us lectures, but those lectures were worth it. The time to prove ourselves had finally come. The day we faced Sessa football team for the first time, that match was really good and essential for us, as it provided us experience, that we really wanted. We also won that match, a plus point for our team's morale. The day finally came where we packed our bags and were ready to leave for M.N.S.S, Haryana. The moment we stepped into MNSS Rai, we felt very proud and honoured to have the opportunity of representing our school. Our first match was against BPS, Pilani. That match was almost about to get suspended due to bad weather but due to the efforts of our coach the match happened. We won the match 3 – 1. Our second match was against DPS, Mathura where we won against them with a brilliant score line of 6 – 0. Our third match was against MPS where we again won, 4 – 0. The semi-final where we lost for the first time in the tournament and thus our triumph was over. We lost the game 3 – 2, but we learned a lot during that match alone. Then in the third place match we faced Sainik School, Kunjpura and won the game 3 – 0. Well, we learned a lot during this IPSC and every moment is well appreciated.

BASKETBALL 2022

RUPRAJ BORGOYARY

When our team reached M.N.S.S, Rai we kept our bags in a room and ran to see their basketball courts. We reached the court & saw it was full of players from other schools. We met MNSS, PPS and Mayo College teams. We ran towards a court and our team started practising. We were informed that our first match was with Mayo College the next day but it was postponed due to bad weather. We witnessed some matches from the other pools and from ours. It was a tough competition everywhere and it was also fun to watch. The next day we woke up at 5:10 a.m., our match was at 6:00 a.m. Our opponent was Mayo College, Ajmer. We lost by 1 point, the score was 16:17. We didn't play up to the mark. The second match was in the evening with the opponents being the defending champions of the tournament MNSS, Rai. We lost by 28:72. It was great a experience even though we lost playing with players who had more experience than us, it really gave us a boost for the next time. We weren't disappointed as we played fair and with zeal. I believe our team will progress and achieve something next time from the experience gained throughout the IPSC Basketball 2022.

IPSC U-19

BASKETBALL 2022

AHAMED DAIYAN ALAM

After a long halt of about 6 years, the AVS U-19 basketball team took part in the IPSC basketball tournament in the U-19 category. It was a first for the entire team and was a great experience for me as well as for the team. Team AVS played four matches in the preliminary round against the following schools- DPS, L.K Singhanian, P.P.S and Pine Grove School. They went 1-3 in the prelims, defeating PPS Nabha. Bensolo Seb of class 12 had the highest 3 pointers made in the entire tournament with 27- three pointers in 4 matches. Overall, it was a very competitive event and a good learning experience for the entire team.

VOLLEYBALL 2022

PEMA KHRIME

When I first heard about the tournament, I put a team together and we started practising. The initial days were difficult, but slowly we found confidence in ourselves and we believed that we were going to do well. Our journey to Haryana was an interesting one and we reached our host school which was MNSS, Rai. We lost the first match and it was disappointing, we tried our best but we couldn't win. We didn't give up and looked forward for the next matches which we surely wanted to win and moved forward with determination and self-belief. We won the rest of the matches. After a tough competition from all the schools, our school secured the second position. This Girls' IPSC Volleyball will be a proud moment to cherish as for the very first time the AVS Girls' Volleyball team achieved a position in the IPSC. It was interesting to participate in an Inter- school tournament after so long and it was a memorable experience. We had a lot of fun and the exposure that the tournament gave us showed that we have a lot that we can improve upon.

NOTE FROM THE EDITOR

This edition of **The Player** was the collective effort of all the sports Inter-Houses of this semester. I hope you enjoyed reading this edition as this was the acknowledgement of all the hard work put in by the students during this long summer semester. After the pandemic this was the first time the school could hold this many events and all the events were important for the development of all our athletes.

It was tiring and hard for all of us but be proud of what you have achieved, look ahead because the future has a lot more to come.

Best of luck and see you all until next time.
