The western band activity is a much-coveted one at The Assam Valley School. It comprises various elements in terms of instruments and musical styles coming together to recreate old classics as well as compose future originals by the students. The western band heavily engages a student's creativity and passion towards the sound and shapes the individual in aspects such as teamwork, artistic expression, time management and catharsis.

Being in the school western band requires years of self-discovery and dedication to one's instrument and requires one to listen as much, if not more, than play. After all, the greatest tool of a musician is his/her ears. The western band is active throughout the year and is not limited by season or opportunity. The Assam Valley

School has ample opportunity within its four walls to showcase the western band, be it opening ceremonies for various events, inter-house competitions, the highly regarded rock-fest, the prestigious Founders day celebrations, the IPSC music festival and the much anticipated Yamaha Teens Rock National level competition.

One highlight of the year gone by included the Rock-fest, which saw an increase in standard and participation.

The main thrill of being in the western band is the excitement of not knowing when an opportunity to play may arise whilst getting the feeling that it is right around the corner somewhere, playing along with different people who have different musical styles, musical tastes and inspirations.

Like other forms of expression, photography is sometimes art, sometimes craft, and sometimes just a grabbed image. The fact that photography uses technology that has developed more recently than some other forms of art often confuses this but the fact remains that expressive photography comes from an image that is made, not taken.

The AVS Photographic Society is trying its best to set standards year after year. We are very fortunate that this year we got talented members who can do wonders in the year to come. We offered in-house and online workshops and discussions for all members on basic photography. All of our members have their DSLR cameras and proudly we can say that every one of them can take an image in

manual mode.

Our photographers in both Upper and Lower Schools get the opportunity to learn this art once a week. We try our best to teach every student about the technical aspect (various modes of the camera), composition, and artistic value of the image. We also make sure that all our members learn these important skills of photography at an early stage.

There are about thirty teachers and fifty students involved from various departments and classes respectively.

HOUSE OVERVIEW

The journey of a student’s life as a public school product here at The Assam Valley School begins from Grade V and their home is nowhere else other than only “Tihu” a home away from home.

Tihu is a place where children get to experience and learn all the basic necessities of their daily lives.

The odyssey of our little acorns who grow up to be nothing short of mighty oaks encapsulates the momentous role Tihu at AVS plays.

It lays the bedrock for the all-round development of our children and moulds them into their finest versions.

HOUSE CAPTAIN SPEAKS

The motto I firmly believe in as a leader is a saying by Jack Welch 'Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others.', I differ a little since I believe after you become a leader success is not just about growing others but it is about growing with others.

As a house captain, my vision was to build emotional connections by accepting, giving equal opportunities, empathising, valuing each individual, and inculcating acceptance in my house for no individual to feel left out. I am extremely proud to have led the house.

HOUSE OVERVIEW

Bhoroli believes in their motto "ever onwards" and has stuck true to it achieving excellence, and resilience. Just like a swan, the house inculcates grace within. The emphasis which is laid on inclusivity and equal opportunity bind us together. We accept defeat with grace and triumph victories humbly.

Bhoroli is more than a living space for every Bhorolite. It is more of a feeling of the blue blood running in our veins; it is a consciousness reminding each of us to follow the right path; it is also a feeling of belonging to a home. Our motto is 'Ever Onward' and all Bhoroli girls believe that we must always keep moving forward by overcoming all obstacles that come in our way. Bhorolites have shown their talents in every field like academics, culture and sports and in recent years the girls have really excelled in the cultural field.

A house comprising of passionate debaters, melodious singers, graceful dancers as well as notable actors and all this is pursued with grace and elegance in their behaviour.

HOUSE CAPTAIN SPEAKS

The House of Red has a set of core values that are integral to its existence, and I, as the House Captain, along with my Prefects, have tried our best to continue it. Integrity, which is strongly propagated in the house, in hopes of creating honest, humble and strong students, who will not cower in the face of mistakes. Individuality shapes our girls for the future when they leave as self-reliant and self-assured women. Perseverance, our motto and way of life, especially in these difficult times, to build in everyone the grit and determination, to march on, no matter how tough the circumstances of life are. Jinari is guided by its animals, the wolf and the eagle, which symbolise some of the most essential values in one's life, from teamwork, friendship, loyalty, to courage, pride, honour, and grace. At the end of the day, the pack stands strong and valiant, regal yet humble, independent yet, one.

HOUSE OVERVIEW

'Time Flies', is how I would describe the period between Founders' 2020 to 2021. My pride in being the HSM of Jinari House stood tall even when the House was only connected through a tiny screen.

The tight spot of online school with co-curricular activities, including assemblies, tutorials and inter-house events being conducted digitally, was a new yet fulfilling experience.

Transitioning from life online to hybrid, then live interactions with the same indomitable spirit that ensured a safe onboarding of Upper school girls to house routines evidenced Jinari's perseverance – after all, it is grace under fire and making excellence a habit that sets us apart.

HOUSE CAPTAIN SPEAKS

My journey in Kopili was not always easy but as they say, some things are worth fighting for. Kopili was always worth fighting for. To all the girls in this house, the girls who came before and the girls who will come after, thank you for choosing me. To all my girls who I had the honour of leading this year, you make me so proud. When my tenure had started, my prefects and I decided that this year we will not make it about winning competitions but about instilling the house spirit in each Kopili girl which had dimmed due to the lockdowns spent away from school and the house. We also aimed to create more leaders this year and it gives me immense pleasure to say that we have succeeded. With my tenure coming to an end, I would like to thank Kopili, it was always an honour.

-Ms. Adrija Mahanta

HOUSE OVERVIEW

Kopili was founded in 1998 with the house motto, "To strive, To seek and To never give up". The Kopili girls personify this motto with their resilience and unyielding dedication towards the House. Green, the colour of the house, depicts the growth, vitality and renewal which encompasses self-reliance and dependability. Kopili provides its girls with the bedrock where self-reliance and camaraderie are fostered. Kopilites come to understand that independence and interdependence complement each other and they do so with dynamism and an obvious sense of fun.

A Kopilite can be who she wants and be appreciated for it. Above all, Kopili believes that it is imperative to encourage girls to have an independent mind. The House gives the world lionesses with strong beliefs and morals, which are deeply rooted in societal conscience. The boarding house is well equipped with all the modern amenities necessary for a comfortable boarding life. From spontaneous jam sessions in the gazebo to gathering in the rooms after a long day, we are proud to say that Kopili has been somewhere where the girls have created some of their fondest memories.

HOUSE CAPTAIN SPEAKS

Compassion and Responsibility were two qualities I tried to inculcate in my method of leadership as the House Captain of Subansiri. As a captain, I highly emphasised on maximum participation.

Regardless of skill or talent, I have always urged everyone to take part in new events in order to find their flair.

Our house motto being 'Dare to Excel', my main goal through my tenure was to make sure that each and every student gave in their best efforts in whatever they pursued.

-Ms. Aditi Thekedath

HOUSE OVERVIEW

Success is anchored on a resolute mindset and approach, and this is what the Suzeknights believe in. They tread towards the fruition of their goals with optimism and determination. Yellow, the colour of the house, signifies sunshine, vivacity, positivity and most importantly resilience.

"Dare to Excel" is the House motto and the girls take up every challenge with tenacity and dedication in all spheres of school life. The positivity that emanates from the sylvan campus of The Assam Valley School is the muse which inspires the Suzeknights.

They are filled with the desire to give their best in everything. They believe that together they will be able to scale any mountain. This is what sets the Subansiri girls apart from the rest.

Rotozo Tetseo HOUSE PREFECTS Kavya Bagrodia Mayukh Jain HOUSEMASTER Mr. Amritz Singh Huidrom DAME Mrs. Nomita Huidrom	<p>The Lohit House is not just a house in the Assam Valley School; it is one of the colossal founding pillars of the school that holds on its shoulders the grand canopy of the institution; the blue element that sustains the form and balance of the four-tailed yin-yang of the eight houses. The words “First deserve then desire” are etched on the skin of each Lohitian like the vivid pattern of stripes on a tiger’s hide, acting as a mantra of guidance for the mind and the soul. Lohit strives to produce tigers as enduring as the Siberian taiga which subsists in the cold nights of the Siberian winters, to the Great Bengal tiger that survives in the hot swamps of the Sundarbans and can adapt to any situation thrown at them. The blue that each one wears keeps one rooted to the ground and prompts them to respect everyone – from one’s peers to both juniors and seniors, as it is this respect and integrity that keeps the people to keep endeavoring for greatness.</p> <p style="text-align: right;">-Mst. Rotozo Tetseo</p>

HOUSE OVERVIEW

Lohit House is one of the oldest houses in the school. There are 107 students in the house. In view of the continuing pandemic situation in the world and disruption in education, activities were brought down due to extended lockdown in this academic session. However, we designed alternative digital modes of engaging students in various educational activities in the school.

Like previous years, the house sent up 34 candidates (18 ISC and 16 ICSE) at the Board Examination, 2021 conducted by CISCE. 13 candidates have secured 90% and above at ISC level and 11 students have secured 90% and above. The two school toppers are from Lohit house.

Our heartfelt congratulation to all candidates for their splendid performance.

ISC level: Mst. Aaryav Dutta - 99.57%

ICSE level: Mst. Tanish Hansaria -98.2%

The students of Lohit house have participated actively in all the Inter-House in both cultural and sporting events and finally brought laurels to the house.

HOUSE CAPTAIN SPEAKS

The wolf, the insignia of the Manas House, stands for loyalty, family, friendship and teamwork. The feeling of brotherhood and camaraderie among the Manasites, just as is present among a pack of wolves on a cold, wintry night with the full moon in the sky, is what keeps Manasites united and motivated to face all difficulties and rise above. Having served the family of the mighty reds as the House Captain and leading the house to glory on the ideals of integrity and perseverance has been my greatest privilege, the Class 3 confused little boy in me that would cry himself to sleep as he misses home has grown and now finds his home amongst the zealous hearts that beat red.

MANAS PERSEVERANCE HOUSE

HOUSE OVERVIEW

One of the few houses as old and deep-rooted as the institution itself, the Manas House has prevailed since 1995, bringing to the colour palette, the vibrant and blazing red.

Just like the red that stands out vividly among other colours, Manasites too endeavour to stand out and seek excellence in every field and in doing so remain the only house to have won the R.B Magor trophy for three consecutive years.

Nothing is more apt at describing the Manasites than the house motto, 'Perseverance', which means continued effort to do or achieve something despite difficulties, failure, or opposition.

The motto is deeply ingrained in the hearts of every Manasite, who never give up and excel in every aspect of life.
