HOUSE CAPTAIN SPEAKS

The motto of the House is “To strive, to seek, and to never give up”. In today’s competitive world, this is what every individual aspires to achieve. Such individuals come together in Dhansiri House to form a brotherhood that is built on the tenets of cooperation, camaraderie and most importantly, commitment to the House Spirit. The colour green symbolises rebirth and hope as this House has the potential to rise from the ashes like the phoenix and fly to greater heights. The Green Lions have carved a niche for themselves in every aspect of school life be it in academics, sports or cultural pursuits. They will turn into men of integrity, character and conscience not because they lived in Dhansiri, but because Dhansiri always lives in them.

-Mst. Sourav Kodal

HOUSE OVERVIEW

Dhansiri House lived up to its motto of never giving up despite the odds of online classes and lack of connectivity between the brothers.

The captains strove to stay connected by holding assemblies and meetings on the zoom platform. The lower house too joined in with much enthusiasm keeping the green spirit high.

Once back on campus, the House went on to show its prowess on the field with good performances.

The new students tried their hand in various inter-houses showing that they too are already imbibed into the spirit of the House.

The Green Thrives! Jai Dhansiri!

HOUSE CAPTAIN SPEAKS

“Leadership and learning are indispensable to each other.” I envisioned bringing Namdang back to glory by instilling discipline and compassion in all the boys. My style was more of a participative and transformational one where each boy was included and encouraged to fulfill the house visions and achieve the best for the house and for themselves. I wanted to make sure that no one feels forced to do anything rather do what they love since then they would truly learn. Taking from our motto, ‘Dare To Excel’, It was my goal to help the boys identify what and how they want to excel. As Spartans, they were made to realize their strengths and weaknesses to utilize them in the best possible way. I hope I have set a foundation for future batches to make this house reach the sky.

-Mst. Karma Kalden

HOUSE OVERVIEW

Namdang House, which is also called as the ‘house of the Spartans’, had a very successful and a cherishing bygone year. With “Dare to Excel” as its motto, the house has been living upto the meaning of the same.

Though the days in school was not as it used to be during the usual academic years, the house utilised whatever time was available in hand in the sphere of sports.

With Karma Kalden as the Captain, the Spartan boys gave their best in the inter- house matches and achieved the Sports Cup for the 1st time in the history of the school.

The prefect batch worked tirelessly in keeping the spirits of the house high and lively during the lockdown days so that the spirit of the house was never quenched but burned brighter and bigger. The house also made remarkable milestones in the spheres of Culture and Academics.

goodbye until we meet again.

**Ms. Prerna Gurkin
(English)**

Ms. Prerna Gurkin joined AVS to teach English to Middle and Senior School students and worked with us for about five years. Ms. Gurkin was passionate about teaching, prepared thoroughly for her lessons and took her academic work seriously. She carried out her pastoral duties diligently, both as a Resident Tutor in Tihu and as Dhansiri Housemistress - Lower School. She had a great flair for writing poetry and loved reading, travelling and cooking. She took great pride in how she kept her home.

Mr. L. P. Watts & Dr. Pooja Jain Benjamin

**Mr. Apu Dey
(Dean of Pastoral Care)**

I must say that Mr. Apu Dey was a team player and dedicated worker of the Assam Valley School. He is a man of few words but action oriented. He always embraces the new challenges. Early morning briefing to all HSMs was one of the features of his every day agenda. Communication channels with the dames and HSMs were prominent. In a very short span of duration in the school he tried to streamline the pastoral front. We will remember him all the time.

Mr. Amirzit S Huidrom

Ms. Tamali Ghosh (Geography)

Ms. Tamali Ghosh had joined The Assam Valley School in 2018 as a Geography teacher for the middle school. She was the youngest faculty member of the Geography department and was enthusiastic and passionate about teaching. She displayed great talents in managing the classroom, teaching concepts creatively and engagingly, and developing a genuine love of learning in her students. She shared a great rapport with students – both in the classroom and out. During her three-year tenure at AVS, Ms. Ghosh had managed to make herself an integral member of the school community and will be truly missed by all at AVS.

Ms. Kamalica Bhowmick

Ms. Lata Khatri (Sociology)

It gives me immense pleasure to write about my fellow colleague, Ma'am Lata Khatri, a much loved teacher at the Assam Valley School during her time here. The classroom was abuzz with curiosity and excitement. I did observe her teaching History and Civics at the lower school and it was a treat to learn from her how to rediscover the long lost innocent child with smiles and the giggles. She was a keen listener and a sharp observer. Topics of current affairs and its ramifications in society would often happen to be our point of conversation. Her helpful and cooperative attitude will remain as key unforgettable elements.

Mr. Thajeb Ali Hazarika

**Mr. Mallar Rakshit
(Music)**

Mr. Mallar is a gentle natured and witty young man and I have had the pleasure to have known him for three years of his service at school. We joined together and evolved in the school together. We bonded easily as our passion for music was a shared one, and though he was an Indian Music Teacher by profession, he had enough exposure to Western Music as well and I really learnt a lot from him. He will be remembered fondly by all in the community for being an easy going, helpful, fun-loving individual who was always eager to contribute.

Mr. Siddharth Bathla

**Mrs. Shalu Sharma
(Chemistry)**

Mrs. Shalu Sharma had spent nearly eight years in the Chemistry department and was an indispensable member of the department. Initially upon induction in the department, She received vigorous training and support from the department members and she worked sincerely to adjust in the department. Over the course of her stay in AVS, she always supported the department in all events. She was a part of the department's Lower school activity for a few years and was always an active participant in the Founders' exhibitions. She possessed a distinct style and was well received and admired by Kopili girls. On behalf of AVS, I convey our best wishes to her on her future endeavours.

Dr. Kuljeet Singh

Mrs. Sahana Majumdar (Director of Educational Administration)

It has been indeed a great pleasure working with you. In the company of a thorough professional like you, I have greatly benefitted. What I like the most about you, is that you have that unique style and strength to convey your thoughts with complete clarity and purpose to move the School forward. You have been a great support to me both as a person and as a professional. I am immensely grateful to you for supporting my ideas and for your constant guidance in streamlining procedures on a daily basis, in the capacity of Director of Educational Administration.

Designation of DEA, truly fits into your style and tenor. You were instrumental in bringing AVS Sunnyside into the mainstream and expanding its operations for people other than staff children for which you will always be remembered. With very many roles at AVS, be it a Geography teacher, HOD, HSM, DEA, SLT you have been an asset to the School and the good part is that you have given so much of your time and effort that your fellow colleagues have benefitted by your knowledge and expertise in new age teaching pedagogies, instilling new ideas and concepts like active learning strategies, experiential learning and so many other new initiatives started under your leadership. Your dedication and devotion to School has been an inspiration for all the young and old. As you move on and continue to inspire others, I wish you the very Best in your future endeavours.

While finding new and unique ideas are rare enough, assembling a team to bring that concept to life, is even more difficult, and AVS, was lucky to have all in one in you.

Ma'am, as you move on and continue to inspire others, the entire AVS community wishes you the very Best in your future endeavours.
