

Sunnyside, The Assam Valley School's Primary Section is a place where learning is not limited to the four walls of the classroom because we as teachers believe in transferring knowledge that goes beyond the mundane. 'Live as if you were to die tomorrow. Learn as if you were to live forever.' – Mahatma Gandhi. It is in these formative years that it is so crucial for children to develop a solid foundation of morals and values, which they do by actively participating in the school's varied activities

The performance's overarching goals included encouraging students' creativity, thinking abilities, and improving their analytical evaluation abilities.
