

March, 2024 for classes Nursery to UKG. To learn the importance of green, the students visited the school Nursery where they were shown and briefed about different kinds of saplings and inspired to plant more trees in their surroundings. A Cotton Candy machine was the biggest attraction where both orange and green flavours were added to make delicious cotton candy. Tricolour sandwiches were made from fresh cucumber and carrots and were served along with sweets to the children.

BOARDING SCHOOL EXPERIENCE

“Let us remember:

“One book, one pen, one child and one teacher can change the world “A boarding school experience makes a student stronger and more stable because it offers a new perspective of building independence and nurturing the quality of lending a hand to others around you.. This experience was provided to the students of AVS Sunnyside from 22nd March to the 24th of March to give them a glimpse of boarding school life at The Assam Valley School.

GRADUATION CEREMONY

“What we learn with pleasure we never forget.”

Graduation day is not just an end point; it's a milestone marking the beginning of a new chapter in our lives.

To make this day special and momentous, AVS Sunnyside celebrated “Graduation Day” on 27th of March to applaud the young enthusiastic learners of class 4 and their commendable performance during the session. INDUCTION DAY

AVS Sunnyside organized an Induction Day for the new students on 22nd of April.

The aim was to familiarize parents as ‘partners in progress’ with the curriculum, rules and regulations of the school, teaching methodologies and the co-curricular activities. LEAVERS

Aakanksha Kumar

She understands that being a leader means more than just doing the daily routine work; it's more about inspiring others. She has in her own way tried to build a strong team spirit on the girl's side. On many occasions, she has set positive examples through actions and words. I have found her frank and open about her opinions, always sharing her thoughts with clarity and confidence. Her frankness is respectful; she encourages open talks and listens carefully to other people's opinions, like a good leader; she is ready to learn from others. Her story is one of sacrifice and commitment to make the school a better place.

Aakriti Chaliha

Aakriti is a live wire who can light up any room she walks into. Her vibrant personality and infectious energy bring a sense of joy and excitement around her. Her bubbly nature is her signature trait, and armed with a bright smile, she is capable of turning a dull day into a delightful one. Despite her playful nature, Aakriti has a deep caring nature that her friends and family are aware of. She genuinely cares about people, and her sensitivity towards others emotions makes her an incredible friend—one who always knows how to provide a helping hand.

Aarnav Dutta

What sets Aarnav apart is his attitude towards mistakes. While he understands that errors are a natural part of the school journey, he mostly views every mistake as a valuable journey. One of his greatest strengths has been his ability to connect with everyone. He shows genuine care about everyone's growth and development, taking out time to listen to them and offer guidance. This aspect also reflects on the squash court, where he accepts that he could have had a different approach and tries not to repeat the mistakes in other matches. His openness to self-improvement makes him a balanced and respected figure on campus.

Aaryan Shullai

Aaryan has truly impressed everyone with his musical talent, becoming the most sought-after guitarist for school events in a remarkably short time. His performances have been a highlight, showcasing his passion and skill. Beyond music, Aaryan never missed an opportunity to display his strength and athleticism, whether in sports or daily activities, where his strong arm was always evident. His enthusiasm and dedication, both on and off stage, have made him a standout student. I'm sure he will continue to excel in everything he pursues.

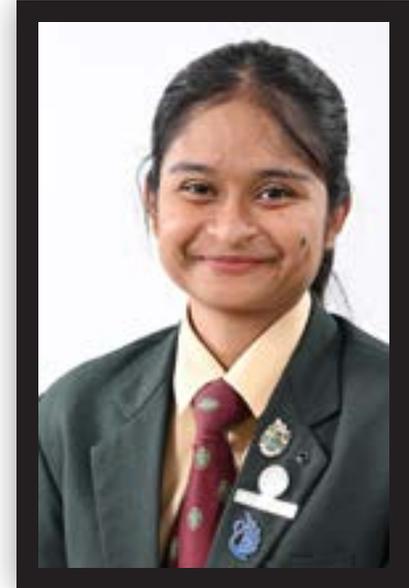

Aayat Hazarika

Aayat already has a professorial air about him—and I am sure this bodes well for his future. Mentally alert, intellectually curious, ambitious, and focused, I am looking forward to saying, with great pride in the foreseeable future: “Dr. Aayat Hazarika? Yes, he was MY student!”

Abhinashni Baruah

Spontaneous, sassy and sensible, Abhinashni could step into a popular K-drama and own it. As Cultural Captain she belonged to the stage as much as a dancer as she did as an actor. The popular senior who always has the time for a quiet conversation, she has a flair for drama that makes life interesting. Abhinashni's sense of rhythm ensures that she has a spark on her feet and the ability to leave a mark wherever she goes. With a mature head on her shoulders and a drive to etch her own style her own way, Abhinashni plans to carve a niche for herself and ensure that it becomes a legend like she has.

Abhinav Agarwal

Abhinav is caring, flexible, and approachable. He takes time to mentor and explain things to his juniors and create a positive change in the house, setting a new standard for leadership. One of his greatest strengths has been his ability to connect with everyone. He shows genuine care about everyone's growth and development, taking out time to listen to them and offer guidance. Abhinav's story is not about titles or positions; it's about making a difference in the lives of others. He is proof that when you lead with heart purpose and integrity, you can truly transform the world.

Adhvik Mittal

A skilful basketball player and a boy who loves trying his hand at everything new—dance, music, singing, and more. Though an introvert, Adhvik has his own way of expressing himself and is comfortable communicating with his close mates. He is more of a boy of action than words—give him a task he excels at, and he will complete it with perfection in his own style. His favourite subject has always been History. Aspiring to be a fashion designer, Adhvik always stands out during occasions that call for grandeur. Having him in Namdang was both fun and entertaining. I wish him and his future the very best.

Aira Thoudam

'She came, she saw, she learnt'- is an analogy that fits Aira perfectly. Gracious and graceful, Aira decided to step out from behind a book and bloom into the confident young person she is today. Blessed with a beautiful voice, she sang into the hearts of everyone who knows her. Quick with a smile, Aira is a child of the moon, serene, unapologetic, and beautiful as much inside and she is on the outside. She is ready to storm into a world that is waiting for her, and an adventure it promises to be.

Akansha Bhuyan

When Akansha first sat in my class, my initial impression was of a somewhat disorganised soul—possibly because her handwriting reduced me to despair. It only took a little time to appreciate her manifold talents in and out of the classroom—her spot-on responses, her prowess at dance and badminton. If only she had joined this school earlier, I thought! May she find herself in an environment that nurtures her intellectual and other gifts. I shall miss her a great deal.

Akshat Poddar

Akshat has been a true joy to have in class. His great sense of humour ensures that no one is ever bored, and his infectious positivity is appreciated by all. Beyond his lively personality, Akshat has excelled in robotics, consistently delivering impressive work and showing a deep passion for technology. His fondness for laptops and tech has been evident throughout his time here. What stands out most is his ability to stay calm under pressure and always find a way through challenges. I have no doubt he will go far.

Anikaith Anant Joshi

Anikaith, you're an intelligent student—always believe in yourself. From IPSC in 2017 to winning bronze at JNEC in 2018, and earning the Best Rider award at P.P.S Nabha in 2019, your equestrian journey has been impressive. Even in 2022, despite your board exams, you helped us win the IPSC runners-up trophy. Your achievements make me proud, and I'm grateful to your parents for supporting you. Keep working towards your goals and never give up. Remember, I'm always here for you. Wishing you a bright future ahead.

Calm in difficult situations, she often comes up with practical solutions. Soft-spoken and hardworking, these qualities will undoubtedly bring her success in life.

Anuran Paul

Anuran developed himself into a great all-rounder who can play 11 sports in the school. Perhaps the only sportsman at AVS to do so. A fabulous person who is humble, ready to help in need. He is always determined, disciplined and his dedication towards sportsmanship made him a true gentleman. His juniors will definitely miss his life lessons. 'The King of Cricket' who used to snatch victory from the jaws of defeat and his overall contribution to the game will always be cherished by all of us.

Anushka Jitani

Anushka Jitani or 'Jitani', as she is popularly known, is an excellent pupil and very disciplined. She is one of the few students who can set the stage on fire. Her dedication to all causes is commendable and she is a very caring person. She will be missed in my science class. My best wishes and blessings are with her.

Anushka Somani

Anushka Somani: Fondly called ‘Tsunami’ by everyone who knows her, she is the proud owner of a billion-dollar smile, and what cannot be won through an argument most certainly has been won over by it. Mischievous, friendly, inquisitive, Anushka’s super power rests in the fact that Math does not scare her. She is a tidal wave of joy when she is in the mood for it. Polite and witty she is always up for a good conversation where she can wield her thinking mind. A dancer per excellence, she plans to perfect her centre pointe enroute to success.

Archana Yumnam

Archana is a fantastic member of Subansiri House who joined us in Class 11 and quickly made her mark. She’s an enthusiastic reader, often getting lost in a new book and occasionally forgetting that she’s supposed to be focused on her science class. When Archana does turn her attention to her academics, she’s like a laser beam—sharp and focused. Her friendly and approachable nature make her a favourite among her classmates and juniors. Her quiet confidence and radiant smile will definitely be missed. With her potential, I’m sure Archana’s future will be as bright as her smile. Wishing her all the best in her future adventures!

As he gears up for a future in medicine, Arshpreet’s punctuality is not as impressive as his push-ups. His calm, collected demeanour make him the go-to person for advice, and he’s respected by everyone.. I’m confident he’ll continue to shine brightly, best of luck, Arshpreet may your future be as bright as your smile!

Arushi Mittal

Arushi Mittal is a truly multitalented member of the AVS student community. Known for her unwavering support and helpful nature, she has always been there for her peers. I have witnessed her growth over the past four years, and it’s clear that she deserves a lot from life. With big dreams not only for herself but also for her family, Arushi’s determination and talent are sure to lead her to remarkable achievements. We wish her all the best as she steps forward towards her bright future.

Atoti Zhimomi

Restless in her mind and relentless in her pursuits, Atoti nurses a universe within herself. Eccentric in her quiet ways, she is a storyteller happy around her own fire sharing her stories when she is not writing them. Known simply as 'Ed' by her devoted team, she is the undisputed 'Chief' of the room above the library. Devoted to her work and fiercely protective of her 'people,' Atoti wears invisible tattoos each born of her desire to explore and belong. Her bags are packed and she is ready to go, waiting to happen to a world that has long been waiting for her.

As he moves on to new adventures, we wish him all the success in achieving his aspirations.

Bariskem Pohti

Bariskem is a proud member of Manas House and a bookworm—often immersed in a novel when he's not busy with the E.M. team. Academically, he excels, though every now and then he gets swept up in the emotional rollercoaster of life—whether it's family, friends, or something else entirely. He keeps a low profile, quietly navigating the science stream, making him one of a kind. As an aspiring bio-medical student, Bariskem will shine in whatever he sets his mind to. His unique mix of brains and heart along with his curiosity points towards a bright future, we wish him all the best in his future adventures!

Bhabarnab Pran Nath Sandilya

Bhabarnab's journey is defined by growth, resilience, and a commitment to becoming a better version of himself. He made his fair share of mistakes but transformed himself into a mature young man taking full responsibility for his actions. The turning point in his school life came through Taekwondo. He realised that if he wanted to change, it had to start with him and that it's okay to fall, as long as you get back up and keep moving ahead.. His attitude towards life and a willingness to learn have carved out his road to greatness.

Buno Sonam

The quiet guided missile. He says little but is always spot on with his responses, accompanied by a quiet sense of humour. Buno likes to hide his talents under a bushel, but one day, I am sure he will make his mark in the world! Don't disappear into mediocrity, Buno; we need more like you, whose substance is more than mere style.
