Priashi is the embodiment of selflessness, sacrifice and commitment. She can run miles for her friends and loved ones, expecting nothing in return. What makes her exceptional is that she is more of a giver than a receiver-offering without conditions attached. She is hardworking and has the ability to multitask, completing all responsibilities with swiftness and perfection. She has offered her services to many areas of school life-the growth of her House, the MUN society of AVS, the Yearbook team, the Round Square Committee, and the Department of Commerce. She makes the world a better place!. May her life ahead be blessed.

Kanya, in her time here, has been a shining example of what it means to have a pure heart. Her kindness and thoughtfulness towards others have left a lasting impression on everyone around her. She is someone who gives her all for the people she cares about, and that generosity makes her truly special. With a great sense of fashion and an even greater sense of compassion, Kanya has brightened our days, even though she has only been with us for two years. I will miss her terribly and know that she will continue to touch hearts wherever she goes.

Purbashri Sonowal

In a class where most science students chose to flee to dummy schools and the horrors of coaching institutes, Purbasri chose to remain in school. It was wonderful to see her try to get the best out of AVS while striving to keep her footing academically. With all she has learnt here and her degree under her belt, Purbasri will take on the world! I just hope the world appreciates what it gets!

Rajjyoti Talukdar

To find inspiration all you had to do was look at Rajjyoti. The words-hard work, perseverance, humility, determination, discipline and dedication werewell defined by this great leader at the cricket ground. From a very young age he always believed that 'actions speak louder than words'. And that, without pain you cannot gain anything. Perhaps this is the reason why he is one of the best cricketers and the captain of AVS.. A thorough gentleman, Rajjyoti will be missed by us at the ground and we will always be indebted to this extremely talented young man.

Rajnish Sharma

As you move forward, I want to thank you for the grace and kindness you've consistently shown. Your gentle spirit and dedication as an athlete have been truly inspiring. She nurses ideas within herself and is waiting to make them happen. House Captain of Boroli, she will always remain 'true blue;' made of a smattering of sunshine, a dallop of laughter and a fistful of promise.

It's been a pleasure having you everywhere, and I'm confident that you'll continue to shine in all your future endeavours. Rini, may your grace and determination carry you to new heights.. Keep shining!

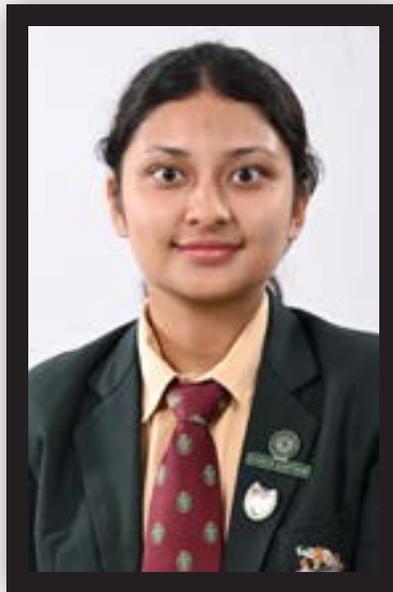

Rompiti Patton

Rompiti is not the loudest on campus, but his presence can be felt by all of us. A talented basketball player and a quiet leader, he has his own unique way of making an impact on and off the field. Rompiti avoids being the centre of attention and likes to lead with quiet confidence. He is also known for his loyalty and support towards his friends. He may not express much, but his actions speak volumes. He is a comforting figure to many of his friends and juniors. With all the positive attributes associated with Rompiti, there is one area of discomfort: dancing. It will be great to watch him do so.

Ruhi Kalita

I have no hesitation to say that it always remains a very pleasant experience to talk to Ruhi. The best thing which I like about her is her simplicity - outwardly and inwardly. My blessings are always with him.

Ruungchung Neil Ngoruw

Content as much as when he is strumming a guitar to when he is the company of his dear friends, Neil is a dreamer. Devoted to the yearnings of his heart, he is unafraid to give his affections unflinchingly to those who deserve it. With a quiet strength of character, he hopes to build himself a world with everything he holds dear, within the one he lives in.

With a largess of heart, Shradha's innate kindness and generosity make the world around her a better place. A fashionista, she is waiting to take on the red-carpets from Delhi to Milan and beyond. Hardworking and dedicated, she wears 8 inches heels with panache making it seem effortless. Till her breakfast at Tiffany's is a reality, Shradha will plan and grow.

Shruti is a very caring person. During classes you might find her quiet but outside the classroom she is very interactive. She is also an elegant western dancer and an excellent basketball player. Even though she is seen in the MSB corridors more often than others, I am sure that she will do well in the board exams. My blessings are always with her.

Shuhail Ali Ahmed

Shuhail has an aura of confidence that would have him at ease as an advisor in the court of the Nizam, a commander in the Maratha court or leaping off casually in a pin-stripe suit with James Bond for company in the service of the Queen. Reserved yet friendly, quiet yet unhesitant to speak his mind, Shuhail has taught himself the art of self-learning. This super skill will be his ticket to wherever he wishes to go and whatever he wishes to achieve. Sensitive, considerate, and responsible, he is everyone's 'go-to person' and a true knight of Namdang. He has a world to win and Shuhail plans to do it in style.

Siaa Kejriwal

Siaa is a very quiet person and possesses excellent event management and organizational skills. You can blindly trust her for managing any event in school. While she gets anxious over trivial things once in a while, she is mentally strong and knows how to handle herself. I wish her all the best for future endeavours.

Smriti Dhara Kishan

Within a petite frame, Smriti is a reservoir of affection and warmth. Mischievous in her quiet ways, Smriti's creativity can be seen in almost everything around her. When she is not gazing dreamily flipping through a cache of pretty stationary, she can be found synchronizing steps for yet another choreography. Smriti flows like a quiet stream meandering through a tapestry of events. She will reach the destination she sets her mind on, wherever that may be. It is the journey that matters after all.

Though he remains nervous all the time, yet he does his work with dedication.

Sudeepta Gogoi

Sudeepta is a good boy who will pursue his interests diligently. Given to keeping to a very small group of friends he is a man who prefers to shoulder his own thoughts. Not given to sharing he may come across as aloof but has a sensitive side to himself. His remarkable transformation as a footballer is a good example for all sports lovers. His philosophy is to talk less and do more. I wish him nothing but the best in whatever he does.

Tenzin Dekie

It's fascinating to observe the generational continuity and differences that come into play within families, especially in the context of education and technology. Tenzin, coming from a lineage where education is valued, benefits not just from the academic legacy passed down but also from the vast advancements in technology that her mother might not have had access to.. I taught both mother and daughter and observed the similarities between them., It's as if there is a fine line between them. Compared to previous generations, this generation is much more advanced, having grown up in an age of technology, while their mothers' generation was much simpler and more innocent without such advancements. I wish her all the best for her future endeavours.

GRADUATION

“Graduation is not the end, it is the beginning.”

~Senator Orrin Hatch

Graduation is a momentous occasion, marking both the culmination of years of hard work and the beginning of an exciting new chapter. The graduation ceremony for the batch of 2024, began with the hymn “One Moment in Time”, setting an inspirational tone for the evening. This year, the ceremony was graced by the esteemed presence of Dr. Bremley Lyngdoh, Founder and CEO of the Worldview Impact Foundation; also an environmentalist with over two decades of experience in Climate Change and Sustainable Development.

The School Choir later delivered a heartfelt rendition of “Night Changes”, capturing the bittersweet emotions of the graduating class as they prepared to embark on a new journey. The School Captain, Gunming Phassang, delivered a reflective speech, sharing his experiences and the growth he underwent during his time at school. Hana Shanifer Ahmed, the Head Girl, followed with an emotional address, expressing gratitude to the school and her peers while looking forward to the future. The ceremony concluded with the singing of the school anthem “Pass It On”, uniting everyone one last time in celebration of their shared memories. The traditional cap-throwing brought the evening to a joyful close, symbolizing the elation and pride of the graduates as they turned the page to the next chapter of their lives.
