

Academics captain

“The purpose of education is to replace an empty mind with an open one.” - Malcolm S. Forbes

Throughout my tenure, I have realized that students of AVS consider education as just grades and a burden and they think that it is confined to the walls of the classroom but education is not that. Education is the most powerful weapon which you can use to change the world. It opens doors to new knowledge, new skills, and new ways of thinking.

For me, this journey of becoming a role model was a very special one. I came from a day-boarding school which is completely different from a residential one and I joined the school in class 11. Being a newcomer in the school and getting such a big responsibility was a very happy moment for me, however, at the same time it was full of obstacles and I think that I mastered in overcoming these obstacles.

In the very beginning of my tenure, I initiated the program of “Problem of the week” which allowed the students to make their minds active and sharp. I also ensured an environment where every student felt supported in their academic journey. I helped the students by addressing their doubts and also gave them tips for better learning.

I would also like to thank the former Deputy Head, Mr. Manoj Sharma, the current Deputy Head, Dr. Kuljeet Singh and the Dean of Studies, Mr. Taufique Alam Ansari for trusting me and giving their full support whenever I needed it. As I bid goodbye to the school, I feel nostalgic and I hope that the upcoming batches will raise the flag of the school high.

“Success is not final, failure is not fatal: it is the courage to continue that counts.”

**Vivek
Gattani**

Academics captain

“Never regard study as a duty, but as the enviable opportunity to learn”.

As the girls’ academic captain, I have had a successful tenure and I would like to thank all the teachers who helped me throughout this time. It has been an enlightening learning as well as training experience for me.

I joined AVS when I was in grade seven and since then I have looked up to my seniors and have always thought of giving something back to the school, so this was like a dream come true for me. When I became the academics captain, I was motivated and focused and had a lot of plans and goals for the upcoming year and now that all of it is coming to an end, I believe that I have attained success in accomplishing them.

The entire journey as the captain has been an enriching, fun-filled, and stimulating one. We continued the legacy of the “peer teaching and learning program” which was initiated by our past academic leaders, this program has surely been a successful one as the process of learning and teaching was both ways. Not only did I teach my juniors but I also learned from them, which in turn created the close-knit bond that we now share.

Academics is an integral part of one’s life and therefore I believe that “the purpose of education is to replace an empty mind with an open one.”

I wish to see AVS thrive in the upcoming years, with students willing to participate in healthy discussions and making the most of their time here.

I hope that I did not fail in carrying out my duties and have been a successful leader whom the upcoming batches will look up to as a role model. The badge that we wear is not just a symbol or a logo but comes with a lot of responsibility and I hope that I have fulfilled it.

**Mahiya
Khemani**
