THE DHA, HUS & HLS WITH THE MSB UTILITY STAFF

HEADMASTER WITH UTILITY WORKERS

CULTURAL PURSUITS

Anikaith Anant Joshi

Cultural CAPTAIN

AVS, for me, has been quite the journey-one filled with countless experiences, both challenging and rewarding. The path I've walked has certainly been difficult at times, full of obstacles that tested me, but I believe these challenges have shaped me into the person I am today. I shall remember this journey all the more because of the hardships, for they have added value to every triumph and every lesson learned. As I reflect on my time here, what stands out the most are the memories I made- memories that will remain with me for a lifetime. Whether it was the peaceful rides through the forested campus, where nature always seemed to offer a moment of calm in the midst of a busy day, or the late-night grind of working on publications and preparing for competitions, each moment contributed to the unique experience that is AVS.

The allure of Founder's, with its mix of tradition and excitement, and the bustle of cultural events, where everyone came together in celebration, are memories that hold a special place in my heart. These experiences were more than just events; they were the building blocks of a community that felt like family. As I prepare to leave, I want to offer this as my final goodbye to the school that has been more than just a place of learning for me- it has been a home. A home that nurtured me through most of my still-young life, guiding me, challenging me, and ultimately preparing me for the world beyond its gates.

Many an alumnus will tell you there is no place like AVS, and I find myself reaching that same conclusion, perhaps a bit sooner than expected. The bonds formed here, the lessons learned, and the spirit of the school are things that I will carry with me always. *Yat vidyalayam maam pathayati sm tasya krute*, for the school that taught me, thank you.

Cultural CAPTAIN

**Abhinashni Eon
Baruah**

AVS is a place of all my beginnings. For the past eighteen years, I have experienced all my “firsts” here. It’s where my journey towards cultural learning sprouted. I still remember my first performance in the Williamson Magor Hall, where I performed a solo dance. Coming from a family which has always appreciated different forms of art, learning about cultural activities has always felt as a natural interest for me, but I think I could only keep up my cultural family line, because of AVS. From performing in different variety shows held in Sunnyside, to participating and winning for our school in various cultural events has always been a great part of my journey as a student of this prestigious institution. The cultural biome of our school has never once been a disappointment. We have always been known for our cultural prowess and talent and I really wish it continues to be the same.

AVS has not once felt unlike a home to me. It has moulded me into the person I am today. Throughout these years, my personality has evolved greatly; from being a shy and reserved child to someone enthusiastic and willing to go all out to make this haven a better place than yesterday.

At times I was brimming with self-doubt, I chose not to give up and reap the results. I chose to surround myself with those who supported and inspired me throughout. This is what AVS gave me. It’s people. The ones without whom, I wouldn’t have realised who I really am. A single page will never be able to express how much AVS means to me. Eighteen years have passed by in just the blink of an eye. In no time, I will be leaving this place with memories from every nook and corner. From the challenging yet fulfilling schedule experienced through the years, to the arrival of Founders’ Semester and its celebration; excitement and nostalgia lighting up the roofs of the Williamson Magor Hall- it is all a realization of a beautiful timeline. The foggy and freezing cold dawns where students rise up to put in their best for Athletics and March Past practices- it is all a kaleidoscope of memories for any Aviator that gets to experience it. My journey must’ve begun in AVS but it doesn’t mean that it ends here. I shall carry the legacy of AVS wherever life takes me next.
