

ACADEMICS CAPTAINS SPEAK

As I close this chapter of my life, I want to remind all of you that the true power of education lies not just in the knowledge we gain, but in the courage to dream bigger and the determination to turn those dreams into reality.

To every student reading this, never settle for what is easy or comfortable. Push beyond your limits, face failure as a lesson, and let your curiosity help you to build forward.

Sometimes, there will be difficulties as you try to do any work, but remember that if you manage to overcome that obstacle, you will be way better than what you used to be in that particular field.

This year has shown me that challenges are not roadblocks but stepping stones, each obstacle an opportunity to grow stronger, wiser, and more resilient. I have learned that with passion, perseverance, and a thirst for learning, there is no limit to what one can achieve.

To our teachers, thank you for your unwavering support and guidance. Your dedication has made a lasting impact on all of us, encouraging us to push our limits and achieve more than we thought possible. Lastly, I would also like to thank my counterpart Urvee for the constant support and help she has provided me throughout our tenure.

Vivaan Agarwalla

The day I was given the badge, I made a promise to myself - that by the time I passed it on, I would have made a real difference. A difference people would remember and a standard that would set the tone for those who came after me.

As Academics Captain, my biggest goal was simple: to make our students take their academics seriously, but also feel proud of their journey. We brought back the Red Card system, not to punish, but to remind everyone how important their efforts are. At the same time, we made sure to celebrate success, giving credits to students who achieved Honours and Distinctions, because recognition can be the best kind of motivation.

Peer tutoring became a big part of what we stood for. I am so grateful to all the Prefects and Individual Academics Captains who stepped up - checking preps, organising house tests, and making sure no one felt like they were alone in their academic journey.

We also took a step towards inclusivity by encouraging students to embrace Special Educational Needs support, breaking the stigma and recognising that every learner deserves to succeed in their own way.

This journey would not have been possible without the incredible support I received. I am especially thankful to my counterpart, Vivaan Agarwalla. I extend my heartfelt gratitude to our Headmaster, Dr Amit Jugran; our Deputy Head Academics, Dr Kuljeet Singh; Head of Upper School, Mr Taufique Alam Ansari; and Head of Lower School, Mrs Meenakshi Baruah Das, whose unwavering belief in me pushed me to achieve more than I ever thought possible.

How do I know if I had been a good leader? It was never about the badge or the title - it was about the impact I left behind. Leadership, to me, was always about the people, about making a real difference in their lives. Looking back at the journey and the small ways I was able to guide and support my peers and juniors, I feel proud. Proud of the responsibility I was trusted with and grateful for the chance to leave something behind that mattered.

Urvee Rathi
