Mr. Arup Das, Ms. Rita Basumatary,  
Ms. Panju Pathak

**Second Row:** Mr. Gunaram Boro,  
Mr. Bhupen Borah, Mr. Upen Das,  
Mr. Bachalal Pandit

## HEADMASTER WITH UTILITY WORKERS

# CULTURAL *Pursuits*

# CULTURAL CAPTAINS SPEAK

This year has been an extremely productive one for our school's cultural sphere. Our students have showcased their talents in various fields and have won laurels that have brought great honour to our school. From IPSCs to other inter-school events, our students have worked diligently and sincerely to strive to be the very best. As the Cultural Captains, it was my counterpart's and my duty to bring out the best in every child possible. Recognizing the unique potential in each and every student and encouraging them to strive for excellence was of utmost importance to me.

I believe that every student is unique; but using our uniqueness to our advantage by working together towards a common goal is essential to achieve greater heights. Collaboration is key.

Over the course of my tenure, our school hosted various inter-school events that saw participation from schools across India. From the fierce battles of the East India Debate to the creative symphony of minds at the Srijanyam Art and Design Fest; whether it was the intellectual prowess displayed in the Shri BMK Chess Tournament or the diplomacy exhibited at AVS MUN, one thing was evident in all these events — the zeal in each and every participant's eyes, the enthusiasm, and the hard work they had all put in.

The fire to win should keep us moving forward and striving for excellence. But more importantly, fostering healthy competition and learning from those around us is necessary to help us become better versions of ourselves.

As my tenure nears its end, I hope the next captains continue to carry forward our legacy and that of those who came before us. It has been an exciting tenure and I would like to thank each and every person who supported me and helped make this year a success.

*Tanveer Ahmed*

This year has been nothing short of extraordinary — a symphony of talent, tenacity, and transformation. As Cultural Captain, I had the profound privilege of witnessing not just performances or competitions, but the quiet forging of confidence, the first brave steps into the spotlight and the magical moments when students discovered their own brilliance.

From the very first event to the final round of applause, our school pulsed with creative energy. In the corridors echoed rehearsed monologues, in classrooms bloomed melodies, and in every heart lived a dream waiting to be nurtured. Whether it was the eloquence of the East India Debate, the vibrant ingenuity of Srijanyam, the mental ballet of the Shri BMK Chess Tournament, or the refined diplomacy of AVS MUN — each stage, each platform, became a canvas where our students painted their stories of courage and growth.

My role was never just about coordination; it was about care. To find a spark in someone and fan it gently until it turned into a flame. To build a team not just of talents, but of souls who believed in one another. Collaboration was our rhythm, and excellence, our song.

It has been a journey of late nights, nervous excitement, victorious cheers, and humbling lessons. I have learnt that leadership is not about being at the front, but about lifting others as you rise. And now, as I pass this torch, I do so with a full heart, hopeful that the next bearer will shine even brighter, and lead not just with ambition, but with compassion.

Thank you to every teacher, friend, and teammate for the memories, the trust and the music we made together. This year was not just successful. It was unforgettable.

*Swastika Boruah*
